## ZKB gift savings account

## ZKB environmental savings account

CHF	CHF
The account allowing parents, godparents or grandparents to save for children under the age of 18. The account is in the name of the person opening the account.	The savings account with which you support nature and ecology*
On the beneficiary's 18th birthday, a document is issued to the person who opened the account authorising them to make a single transfer of assets to the beneficiary. The transfer may also be made ahead of time if required.	You waive part of the interest on your savings balance. The Bank passes this interest waiver on to the ZKB Philanthropie Stiftung on the condition that it is used for charitable projects in the field of nature and ecology.*

# Save on fees.

The following tips are designed to help you save on account, card and payment transaction fees – without needing to miss out on anything.

## Optimising made easy

Where can you save even more? And how? You will be amazed how easy it is to make sizeable savings.

### Packages

If you would like a credit card, combine your accounts and the ZKB Visa Debit Card with a ZKB credit card and benefit not only from practical additional services for your everyday life, but also from our ZKB inclusive package prices.

### Accounts

– Save on delivery charges. Switch to electronic banking documents, which you can receive directly in eBanking.

### Cards

- Let your money earn interest for longer. Make cashless payments for your purchases using a Zürcher Kantonalbank credit card – that way your money earns interest in your account for longer.
- Save money on cash withdrawals. CHF cash withdrawals are free of charge at ATMs operated by Zürcher Kantonalbank and other cantonal banks.
- Activate electronic billing for your credit or prepaid card in the “VisecaOne” online service area of Viseca Card Services.  
That way you will receive a free monthly statement itemising the card transactions you have made.

### Payment transactions

- Pay online. Use eBanking for your payment transactions and benefit from lower execution charges.
- Avoid costly written or verbal payment orders. Use ZKB Quickpay for your payment orders if you are not a user of eBanking.
- Ask for e-bills, which you can receive and pay electronically via eBanking. This allows you to save on delivery costs for transfers.
- Use low-cost accounts for payment transactions (listed under Outgoing payments on page 9) instead of savings accounts.
- Opt for SEPA transfers. Make EUR transfers free of charge within Europe via eBanking. Information on SEPA transfers is available at [zkb.ch/sepa](http://zkb.ch/sepa).

# Delivery charges.

Correspondence is sent using B-Mail/economy or, if requested, via A-Mail/priority. The following delivery charges will be charged no more than once per day and recipient.
